LYNCHBURG CITY COUNCIL Agenda Item Summary

MEETING DATE: **May 27, 2003 Work Session**AGENDA ITEM NO.: 3

CONSENT: REGULAR: X CLOSED SESSION: (Confidential)

ACTION: INFORMATION: X

<u>ITEM TITLE:</u> **Downtown Construction Projects and Traffic Control Plan**

<u>RECOMMENDATION</u>: Provide any comments on the final Traffic Control Plan for street closures and traffic detours related to various construction projects that will be active during the next 12-18 months in the Downtown area of the City.

<u>SUMMARY</u>: City staff and a traffic engineering consulting firm have developed a Traffic Control Plan to minimize disruption to downtown businesses and provide safe, efficient traffic flow through the downtown area as various construction projects are implemented. The plan identifies appropriate vehicle routings with access to parking areas and determines safe routes for the walking public through or around the construction sites that are in City rights of way. The draft plan was presented to downtown businesses on March 18, 2003 and to City Council on March 25, 2003. Input from the prior reviews has been incorporated into the final plan. Changes are as follows:

- 1- Incorporate an incentive/penalty provision in the contract documents. Contractor will receive \$1,000/day incentive for each day, less than the 42 allowed days, that Main/Ninth Sts. intersection is kept open to vehicle traffic. Contractor will be assessed \$1,000/day penalty for each day, beyond the allowed 42 days, that the Main/Ninth Sts. intersection is fully closed to traffic;
- 2- One lane of vehicle traffic will be maintained at all times through the Main/Church Sts. intersection during construction;
- 3- Pedestrian traffic will be maintained along Main Street at all times during construction.

PRIOR ACTION: Council work session review of draft plan on March 25, 2003.

<u>FISCAL IMPACTS:</u> The cost for development and implementation of the Traffic Control Plan will be included in the bid request as a separate line item and funded by the respective projects. Total estimated cost of the Traffic Control Plan is \$ 35,000. The total estimated cost of the construction projects is \$ 1,270,200.

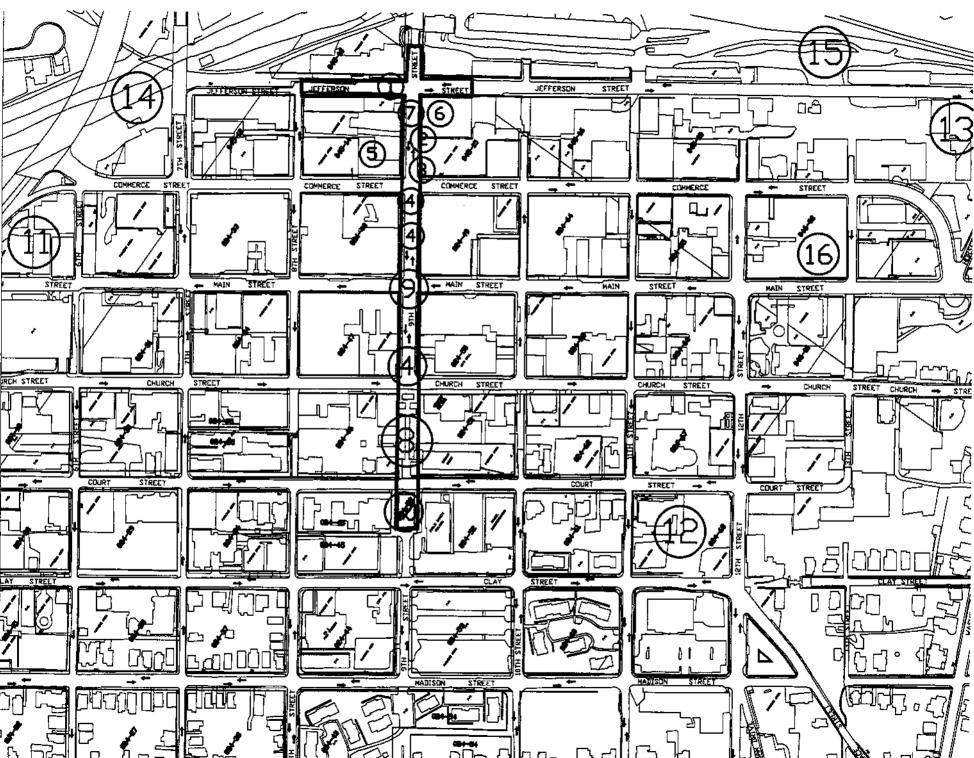

CONTACTS: Charles Grant @ 847-1360 ext 266

Gerry Harter @ 847-1360 ext 273 Greg Poff @ 847-1322 ext 111 Rachel Flynn @ 847-1508 Bruce McNabb @ 847- 1823

ATTACHMENTS: Map indicating the location of projects in the downtown area
